

**Fast, powerful and secure**

Thanks to the Thermoblock Boiler technology the iron heats up in 1.5 minutes. The heating can be set to three levels, and the iron has auto-off after ten minutes.

Product Benefits & Features**Clear controls with sound alert**

No more difficult manuals. A large control panel on the steam station shows you exactly what to do and what you need to know, with LED-lit icons, clear buttons and sound alert.

- Self clean
- Drip-stop system
- Long cord of 1,8m and 180° swivel
- Vertical steam
- Spray function
- Anti-calc system
- Variable temperature setting
- Built-in permanent anti-calc cartridge
- Pilot lamp

Large water tank and calc-clean

Calc-clean with the exchangeable anti-scale cartridge keeps the steam station clean from the inside – for a long time.

**Easy and simple to use**

The handle on the iron is ergonomic and has a secure grip with a silicone top. A pull-trigger under the handle activates a steam shot.

Product Specification

Color	White
Voltage	220-240
Frequency	50
Power W	2350
Steam	Yes
Product Number Code	910 280 377
Dimensions HxWxD in mm	266x382x218
Net Weight	3,57
Bar Code	7332543418459
HS Code	85164000
