

Your unique kitchen – tailored to suit you

Combine this modular hob with other modular hobs from Electrolux to build your own tailored mix of cooking methods – choose from gas, induction and radiant.

Product Benefits & Features
Wipe clean instantly

Because the surface around the pans stays cool as you cook, you can get rid of spills as you go along. Nothing gets burnt on, and there's nowhere for dirt to hide. So spend less time cleaning and more time cooking.

- Key-lock function
- Built-in cutting radius: 5
- Pot detection
- Hob with bevelled frame
- Ceramic glass colour: Black
- Easy installation thanks to snap-in system
- Induction zones with power booster function
- Automatic fast heating up
- Stop and Go function for short interruptions
- Colour of designs on ceramic class: Stainless Steel
- Child safety lock function
- Hob
- Illuminated controls
- Controls position: Front Middle
- Hob safety: Automatic Switch Off
- Automatic safety switch off
- Hob type: Induction
- Appliance WxD in mm: 290 x 520
- Timer function
- Main colour: Black

Direct access to all your controls - thanks to the on-hob panel

This hob's controls are designed so that you can always access them straight away. Just reach over and make your adjustments.

Boost the heat for instant results

When you need to cook really rapidly, the Booster function is perfect. Touch it for an instant burst of heat to boil water in under 90 seconds* – that's even faster than an electric kettle. It's great for last-minute vegetables and other quick cooking jobs too, like cooking pasta and rice.

Remembers where you left off

Whenever you get interrupted, you can put your cooking on hold with the Pause button. It makes sure nothing burns if you're called away from the kitchen and, conveniently, it remembers the different heats under all your pans. So when you're ready, one touch puts you back exactly where you left off.

A heat zone that only heats up when there is a pan on top

Thanks to its clever induction technology, this hob's heat zones only heat up when there is a pot on top. And as soon as the pan is removed, it deactivates itself.

Product Specification

Color	Black
Hob Energy type	Induction Full
Hob pan support	No
Cord Length	1.1
Total electricity loading (W)	3700
Max power gas (W)	0
Voltage	220-240
Country of origin	IT
Product Number Code	949 738 726
BI dimensions HxWxD in mm	Not applicable
Dimensions WxD in mm	290x520
Net Weight	5.6
HS Code	85166050
Bar Code	7332543453856
